About Us:

BINDER is the world's largest manufacturer of CO2 and microbiological incubators, growth and constant climate chambers, ultra-low temperature freezers and ovens for science and industry laboratories.

BINDER products are found in laboratories with biotech and pharmaceutical focus, chemical and food industries and academic institutions. They are used for environmental analysis, industrial testing and quality assurance. We provide a comprehensive selection of options and with our BINDER Individual solutions we can customize our existing products for your specific requirements.
