About Us:

Welcome To BioAssay Systems - BioAssay Systems develops and markets innovative and high-throughput assay solutions to satisfy the ever increasing demands of the life sciences industry. BioAssay Systems offers assay kits that are simple and convenient to use, which are superior in performance and require little to no time for assay optimization. We focus on safe, non-radioactive formats such as absorbance, fluorescence and luminescence detection techniques.

Our current product categories encompass the following:

- Blood/Urine Chemistry
 - Cations and Anions
 - Enzyme Activity Assays
 - HTS Reagents & Kits
 - Metabolism
 - Other Reagents
 - Oxidative Stress
 - Signal Transduction
-
- Handheld & Plate Readers
 - Microtiter Plates

In addition, we provide services to biotech/pharma and academia:

- Analytical Services
- Assay Customization
- Assay Design & Development
- Lead Discovery Services

BioAssay Systems is committed to producing innovative, high-quality and cost-effective products and to providing expert technical service to our valued customers.
