1. Create a Customized Company Portfolio

Get Up and Running in Minutes

By participating in one of Advantage Business Media's digital *Online Supplier Directories*, you can quickly and easily present your message to serious buyers when they are actively looking for products and contract manufacturing services.

As an *Online Supplier Directory* sponsor, you can customize your company and product/services portfolio site free. Uploading your company and product information is simple, and you can manage and edit content and images at any time.

Start Building Your Company Portfolio Site

▼ Follow These Simple Steps

Enter your company information:

- Enter basic information
- Add your company description
- Upload your company logo to brand your portfolio site
- Assign specific product/service categories
- Preview and approve your site
- Enhance your site with your products, product descriptions, images, and pricing

The screenshot shows a web browser window displaying the Advantage Business Media registration page. The page is titled "Company Profiles" and features a search bar at the top right. The main content area is a form for creating a company profile, with fields for Company Name, Website, Email, Dept./or Internal Mail Code, Mailing Address, City, State, Zip, Country, Phone, Fax, and Website. There are also checkboxes for "Service type" and "Company type". Below the form, there is a section for "Product Categories for the Website" with a list of categories and sub-categories, including Mechanical Fabrication, Design/Manufacturing Services, Assembly, Business Services, Design & Build, Conceptual Design & Visualization, Design Services, Electronic Design Services, Hardware Design, Optical/Mechanical Design Services, Product Design, Product Assembly Design, Product R&D, Prototyping, Rapid Prototyping, Technology Development, Process Development and Refinement, Multiple Specialties, Surface Treatment, Electronic Components, Boards and Modules, Electromechanical/Mechanical Services, AC Induction Motors, AC Servo Motors, AC Synchronous Motors, AC Variable Speed Motors, Actuators, Ball and Roller Bearings, Gearboxes, Gears and Accessories, Brakes and Clutches, Hydraulic Motors, Hydraulic Pumps, Couplings, Cylinders, DC Servo Motors, Drives, Encoders, Gas Springs, Gear Motors, and Gears and Bearings. The page also includes a "Manage My Account" section with a "Log Out" button and a "Manage My Products" section with a "Add Product" button.

About Us

Bimba Manufacturing Company is a 100% employee-owned company that is a forward-thinking innovator of actuation, fluid power, and motion control technology. Specializing in providing cutting-edge solutions to engineering challenges, Bimba strives to deliver superior customer satisfaction through outstanding service, quality, and value. We offer an extensive range of pneumatic, hydraulic, and electric actuators, air preparation, and motion control products.

The driving force behind these products is a commitment to customer satisfaction. It's a dedication to deliver quality solutions executed at market leading delivery time. Bimba maintains an ISO 9001 certification which provides a uniform framework for quality assurance that is recognized worldwide.

These philosophies are expressed consistently throughout the Bimba Enterprise including our divisions, TRD Manufacturing and Mead Fluid Dynamics.
